

As a video editor with 10 years of experience, my portfolio showcases my extensive skills and expertise in the field of video production. I have worked on a diverse range of projects, including beauty & fashion, commercials, short films, documentaries, bts, ad films & music videos.

My technical proficiency includes mastery of video editing software such as Adobe Premiere Pro and Final Cut Pro. Additionally, I am skilled in color correction, motion graphics, sound designing, green screen and visual effects, which allow me to bring creativity and a unique visual style to my work.

Throughout my career, I have developed a strong artistic vision for storytelling through video. I focus on creating engaging content that evokes emotion and connects with the audience on a deeper level. My approach to video editing has earned me recognition and awards for my creativity.

I have had the privilege of working with various clients and companies, contributing to projects that have achieved great success. Collaboration with other professionals in the industry has enriched my experience and broadened my perspective as a video editor.

My portfolio features some of my most notable and impactful projects, highlighting the challenges I faced during the editing process and how I overcame them to deliver exceptional results.

I maintain a strong online presence through my website, YouTube/Vimeo channels, and other platforms, where my work can be viewed and appreciated by a broader audience.

My portfolio serves as a comprehensive showcase of my abilities and accomplishments, reflecting my passion for video editing and my dedication to delivering exceptional results. It is continuously updated as I complete new projects and reach further milestones in my career. I am excited to continue my journey as a video editor and explore new opportunities in this dynamic field.
